

Latest Updates from the BCS

- [Sample Labelling Guidance](#)
- [Guidance for Applicants](#)

Sample Labelling Guidance

REAL have produced a BCS guidance document on how to label a PAS 110 sample and prepare the relevant paperwork. This guidance, which will be most useful for applicants, explains how to fill out the PAS 110 digestate analysis request form, and the importance of labelling samples for testing correctly.

This new guidance is available [here](#).

Guidance for Applicants

REAL have updated the detailed BCS guidance document for applicants, to provide greater detail on how to apply to BCS. This guidance includes a flow chart of the process and has been updated to reflect changes on the scheme since the previous version of the guidance was issued.

The guidance is available [here](#).
